

PLATEAU

DÉCOR SERIES (B FRAMES)

Audio/Video Stands

Available in Clear or Black Glass

DÉCOR 50 (Walnut)

THE DÉCOR SERIES is the perfect union of wood, metal and glass - design objective accomplished! The cabinet unit is supported by welded heavy gauge steel tube construction, providing strength and style. The high grade smooth edged safety glass (the top shelf is 1/2" [12mm] thick) adds an appealing aura to any room. Detailed features include back panels that offer ample ventilation & cable management, and precision quality hinges. Available in a choice of luxurious natural woods - Black Oak (B), Espresso (E) and Walnut (W). Metal frames available in Black or Silver textured baked powder-coat finish. Offered in Clear or Black Glass.

Numerous useful and unique options place this unit way ahead of the competition. The DÉCOR Series combines both functionality - for displaying & organizing your components - while providing a visually impressive statement to your audio/visual system.

DÉCOR 71 (Espresso) (Black Glass)
